

SSVF Success Story: Calvert and Elease Griffin

“It was truly a blessing from God, to make Alston Wilkes Society available to us on our journey to being homeless, with that being said, (Retired Veteran) Mr. Clinton Davis and Miss Lauren Halloran of Alston Wilkes Society of Columbia, SC for assisting us to no more being homeless. As a veteran, my wife and I wholeheartedly appreciate the assistance they have given us. They stayed with us through the whole process and said be patient, it will come, and it did. So my hat goes off to the Alston Wilkes Society along with the Veteran Administration for a job well done. For I hope this will be a big step toward owning our own home one day, because I would like to give my wife flowers while they still smell fresh.

For we have worked so hard all of our lives, helping who we could and our reward was her (my wife, Elease) a two time cancer survivor and myself, having suffered an aneurysm. We thank God we are still here to smell the fresh flowers.”

God Bless You'll,

Keep the Faith,

Mr. and Mrs. Griffin
